Job Announcement Part-Time Teacher Naturalist

The Organization:

Flat Rock Brook Nature Association is a nonprofit organization whose dual mission is to provide environmental education programs to the public and to properly maintain the 150 acres under our supervision. The preserve includes 3.6 miles of trails traversing diverse habitats including pond, stream, meadow and forest ecosystems. Through hands-on classes at our facility and in schools, public programs, scout walks and more, Flat Rock Brook educates more than 5,000 people a year.

Purpose of this position:

Teach a variety of school, public and birthday party programs to children, families and adults while supporting the needs of the Education Department.

Job Responsibilities:

- Assist the Education Director by teaching hands-on natural science education programs in both classroom and outdoor settings at the Nature Center and offsite locations
- Develop & deliver appropriate public programs to the community in collaboration with Education Director
- Teach camp sessions throughout the year including multiple weeks in summer
- Assist the Education Director in creating curriculum for onsite & outreach programming
- Assist the Education Director in grant management
- Work with and train volunteer Trail Guides
- Coordinate & implement birthday party and Nature Walk programs for the community
- Help maintain and care for educational displays
- Assist with the care of the residential wildlife
- Articulate the Flat Rock Brook mission to the community
- Assist with other duties as necessary

Qualifications:

- Bachelor's degree in environmental studies, education, natural science, outdoor recreation, or related field
- Prior experience working with groups of young children, adults & families, preferably in an outdoor setting
- Natural history knowledge preferred
- Excellent verbal and written communication skills required
- Must have a flexible schedule with the ability to work some evenings and weekends, as required and be available to teach multiple full-week summer camp sessions
- Must have access to reliable transportation to accommodate outreach program offerings
- A love of the outdoors with a desire to share nature and the environment with others

Compensation:

Commensurate with experience. Training and resources are available.

How to apply:

Mail or fax resume and cover letter to:
